To the University of Nebraska Alumni, Greeting:

It is hoped that this general catalog will prove the means of placing the alumni of our beloved University in more perfect touch with each other and with their *alma mater*. Great care has been taken in preparing it. Many of the alumni have shown decided interest in the work, responding promptly to the editor's inquiries. Some, however, did not answer even when the third or fourth notice reached them. A few it has been impossible to locate even with the utmost diligence.

In spite of our earnest efforts to perfect this publication, errors in it will doubtless be detected. We once more repeat the request made in former editions that every graduate will communicate to George W. Kline, Secretary of the Alumni Association, Lincoln, Nebraska, any information which will serve to improve future editions. Please complete first your own record should you find it deficient, notifying the Secretary of any change in your address; and then add any important facts within your knowledge which this catalog does not contain in regard to any other graduate or graduates.
